Bureau of Recovery Services**

# Overview

The Ohio Department of Rehabilitation and Correction (DRC) is committed to providing a comprehensive continuum of alcohol and other drug (AOD) treatment services. The continuum begins at DRC reception centers where inmates receive an AOD screening. For inmates with AOD problems, the next phase of the AOD treatment continuum is provided at parent institutions. A variety of treatment services are offered based on the institutional mission, physical capacity and staffing. Inmate participation in these programs is voluntary.

Upon completion of a treatment program, the counselor works with the inmate to develop a continuing care plan. This plan will include participation in institutional AOD continuing care activities while incarcerated and community care when released. AOD services for offenders under DRC supervision in the community are coordinated by eight Chemical Dependency Specialists (CDS). The CDS' are responsible for developing treatment resources, making referrals, providing AOD assessments and interim services.

## State Partners

Ohio Department of Alcohol and Drug Addiction Services (ODADAS), Columbus, Ohio

- TAPESTRY Therapeutic Community at Ohio Reformatory for Women
- OASIS Therapeutic Community at Pickaway Correctional Institution

## Community Partners

Comp Drug, Inc., Columbus, Ohio

- TAPESTRY Therapeutic Community at Ohio Reformatory for Women

Quest Recovery Services, Inc., Canton, Ohio

- AOD Treatment Services at North Coast Correctional Treatment Facility
- AOD Treatment Services at Lake Erie Correctional Institution

Community Assessment Treatment Services, Cleveland, Ohio

- Day Treatment Program at Northeast Pre-Release Center
- Intensive Program Prison Halfway House

Urban Minority Alcoholism & Drug Abuse Outreach Programs

- Circle for Recovery Ohio

Columbus Area Mental Health Center, Inc.

Stark County Treatment Alternatives to Street Crimes

Southeast Ohio Treatment Alternatives to Street Crimes

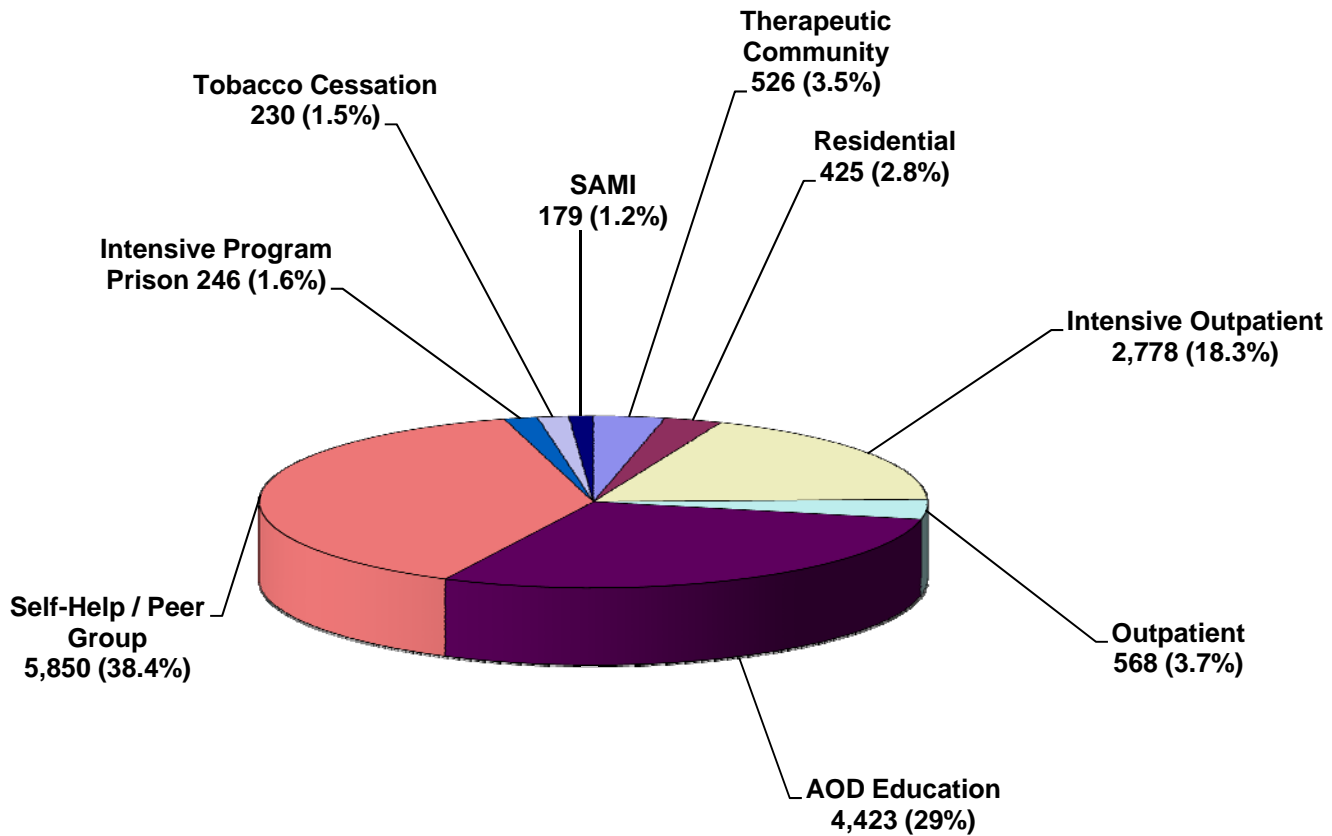

## Recovery Services Reentry Initiatives

The link between substance abuse and criminal activity has been well documented. Research has shown that the treatment of drug abusing offenders while incarcerated can be effective. Additional research has also shown that treatment gains while incarcerated can be lost unless there are follow-up services utilized in the community.

The following initiatives comprise the Bureau of Recovery Services efforts to provide a seamless system of transition to the community for offenders that have completed AOD treatment while incarcerated:

- Succeeding at Home Co-Occurring Disorders Grant  
The Department received a Second Chance Act grant to provide services for inmates that have co-occurring disorders of mental health and substance abuse. In partnership with Columbus Area Mental Health, Inc. and the Exit Housing program a continuum of treatment services beginning at the Pickaway Correctional Institution and into the community are offered.
- Chemical Dependency Specialists (CDS)  
The CDS's are charged with ensuring that offenders are appropriately linked with community aftercare services. A total of eight CDS staff are located throughout the state. CDS staff are responsible for the following:
  - assessing offender needs
  - increasing access to community ADO programs
  - conducting some direct treatment
  - crisis intervention
- Tapestry Alumni Association  
The Tapestry Alumni Association is composed of women who have completed the Therapeutic Community (TC) at ORW and have returned to the community. Their goal is to continue personal growth and remain in recovery. They meet every six-weeks in several Ohio cities to discuss projects and activities in which they can support each other, encourage and be role models for those women currently in the Tapestry TC, and give back to the community.
- Winners Circles  
The purpose of Winners Circle is to create a means for ex-offenders to live safe, sober and crime-free lifestyles. Together, members develop pro-social tools to apply to problems related to addiction and criminal activity. Groups meet on a weekly basis to discuss the challenges and complexities of life that are unique to people that have been incarcerated.
- Community AOD Treatment Agencies  
Over 130 community treatment agencies have been approved to provide AOD treatment services for offenders under community supervision. All community treatment agencies are certified by the Ohio Department of Alcohol and Drug Addiction Services.

## ODRC Inmate Participants in AOD Programming Number and Percent of Participants in FY 2011

Total = 15,225 (100%)

# **Bureau of Recovery Services Annual Report FY 2011**

## **Report Definitions and Key**

### **Definitions**

Alcohol and Other Drug Education Services – An AOD service that helps to deliver the knowledge of the consequences and effects of substance use. This is a 24-hour program that will be conducted at a minimum of 2 hours per week. This service will be used for ancillary programming and can be offered to general population inmates. When this service is used as ancillary programming for IOP participants it must be facilitated by licensed Recovery Services staff members. When this service is used for general population inmates it may be facilitated by either licensed Recovery Services staff members, institution staff or volunteers.

Intensive Outpatient Program (IOP) – The Intensive Outpatient Program is a 180-hour program that provides treatment services delivered daily for a minimum of 15 hours a week. A minimum of ten of the hours must be cognitive behavioral treatment specific. The remaining hours will consist of ancillary services.

Intensive Program Prison (IPP) – A 90-day program focusing on education, training, work, substance abuse treatment, community service, conservation work, and/or other programs designed to provide intensive programming for eligible inmates in accordance with Ohio Revised Code 5120.32. Upon successful completion of this program, the inmate's sentence may be reduced to 90 days and the inmate will then serve a transitional type of detention followed by a release under post-release control sanctions or, in the alternative, will be placed immediately under post-release control sanctions.

Outpatient Services (OP) – Treatment Services that are provided less than eight hours per week in regularly scheduled sessions for program participants who reside in general population.

Recovery Services Residential Unit (Res.) – Delivers cognitive behavioral treatment services to inmates residing in a common living area. Recovery Services Residential Units shall consist of three months of cognitive behavioral treatment services and two months of continuing care services.

Self-Help / Fellowship / Alcoholic Anonymous (AA) / Narcotics Anonymous (NA) Meetings – An independent support / fellowship group organized by and for drug abusers and alcoholics to help members achieve and maintain abstinence and/or cope with the effects of drugs and alcohol.

Substance Abuse and Mentally Ill (SAMI) – Treatment serves that are provided for those inmates determined to have co-occurring substance use and mental health issues.

Texas Christian University Drug Screen II (TCU) – The TCU is an instrument that serves to identify individuals with a history of drug use or dependency and who therefore should be eligible for treatment options.

Therapeutic Community (TC) – A treatment modality that uses an offender hierarchy in which treatment states are used to reflect personal and program growth.

Voluntary Tobacco Cessation Program – A structured voluntary program of education, group discussion, counseling, peer support and written assignments to assist inmates in achieving a tobacco free lifestyle.
