RE: 2019 Annual Jail Inspection

Dear Sheriff Larry Sims:

In accordance with Section 5120.10 of the Ohio Revised Code and Executive Order 92-03 of the Department of Rehabilitation and Correction, the Warren County Correctional Facility, a full service jail, was inspected on 05/14/2019. The inspection was restricted to assessing compliance with a group of standards, selected from the Standards for Jails in Ohio promulgated by the Department of Rehabilitation and Correction. The group of standards being inspected focused on Reception & Release, Classification, Security, Housing, Sanitation and Environmental Conditions, Communication, Visitation, Medical and Mental Health Services, Food Service, Recreation and Programming, Inmate Discipline, Administrative Segregation, Grievance, Staffing, and Staff Training. The inspection consisted of this Inspector receiving and/or reviewing requested documentation and/or materials, touring selected areas of the jail, and having discussions with various jail staff.

The total actual general housing capacity for the Warren County Correctional Facility is 293. On the date of the jail inspection, there were 289 inmates incarcerated in the Warren County Correctional Facility. The Ohio Department of Rehabilitation and Correction recommended housing capacity for the jail is 280, which is based upon total available living space and other requirements. Officials should maintain prisoner counts within the Department's recommended capacity figure.

The Warren County Correctional Facility (Full Service Jail) is in compliance with 112 standards, 53 "Essential", and 59 "Important".

The Warren County Correctional Facility did not comply with 3 standards, 0 "Essential", and 3 "Important". This letter is intended to serve as a basis for developing plans of action for bringing the facility into compliance with the deficiencies noted during the inspection.

The Warren County Correctional Facility is in compliance with 100% of the Essential Standards and at least 90% of the Important Standards meeting the requirements of a "Compliant Jail". It should be noted however; the jail did not comply with 3 of the Important Standards upon which the facility was inspected. This letter is intended to serve as a basis for developing plans of action for bringing the facility back into compliance with the remaining deficiencies noted during the inspection.

The Bureau of Adult Detention encourages the jail to correct the remaining deficiencies noted in the inspection report prior to the next annual jail inspection. Plan of Action forms are enclosed and can be submitted through the Ohio Jail Management System (OHJMS) at www.OHJMS.Intelligrants.com. Feel free to contact the Bureau if you need assistance or clarification in this effort.
