Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The PREA audit for Community Treatment and Correctional Center, Inc. (CTCC) was conducted on February 23, 2018 in Canton, Ohio. The facility supplied the auditor documentation relevant to showing compliance with each of the standards. This documentation included the pre-audit questionnaire, policy and procedure, facility floor plan with camera coverage marked, MOU's, staffing plan, and other PREA forms. The auditor received this information and additional documentation while conducting the onsite visit.

During the audit, the auditor was provided a private area in which to complete work and interviews. The auditor conducted formal and information interviews of staff and residents. During the tour, the auditor noted PREA audit notices posted in both resident and staff areas in conspicuous places. The notices included the name and address of the PREA auditor and the date posted was approximately 6 weeks prior to the on-site audit. Also posted throughout the facility were postings that informed residents how to report an allegation, including anonymously, phone numbers and address of the emotional support agency, and for staff a posting of the agency's coordinated response plan.

Ten residents from the two housing units were interviewed. There were no residents or staff that requested to speak with the auditor. During resident interviews, they were asked about their experience with PREA education, allegation reporting, communication with staff, safety, restrooms, knock and announcements, grievance procedures, pat downs, PREA posters and other handouts, and the zero tolerance policy. Vulnerable residents were asked about their safety and offering of counseling services and residents who have a disability stated the disability did not impair the resident's ability to fully participate in the facility's PREA education program. The facility did not have residents who have limited English proficiency or residents who reported an allegation. All residents reported feeling safe in the facility.

Staff interviewed included specialized staff. This includes the PREA Coordinator, Director, Administrative Services Director, Intake Coordinator, and Facility Manager. The auditor was able to review the MOU's with the Canton City Police, Red Cross Rape Crisis Center, and Mercy Medical and their websites to confirm the scope of their services provided to residents at the facility. Random staff from each of the three shifts were interviewed. These staff were asked about PREA training, how to report, whom to report, filing out reports, investigations, conducting interviews, follow-up and retaliation monitoring, first responder duties, and the facility's coordinated response plan.

After a brief opening, the auditor toured the facility. The tour consisted of examining all dorms, bathrooms, group rooms, outside recreation areas, day rooms, operations post, utility areas, kitchen, and maintenance areas. The auditor gave a closeout that included some of the immediate findings.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The Community Treatment Correctional Center, Inc. (CTCC) located in Canton, Ohio that serves adult male felony offenders. The facility is a three story building that can house 55 offenders. In order to access the secure perimeter of the facility one must report to the main entrance and be buzzed into the main lobby by staff. Once inside the main lobby, all visitors must be signed in. Clients would access the same entrance and be subject to a pat-down in the duty office which is visible by video surveillance.

The facility is equipped with surveillance cameras which can record and play back 14-30 days. The cameras are placed strategically throughout the interior and exterior of the building. There are also multiple security mirrors to enhance security in vulnerable areas. The facility has identified areas that can be considered vulnerabilities and have developed a plan for monitoring these areas. Cameras can be found in the hallways, stairwells, dayrooms, laundry rooms, dining hall, exercise room, and dorms. All exterior entrance points and the rec yard are also monitored by cameras. The Resident Monitor (RM) are required to conduct a circulation round every thirty minutes and a head count four times per shift. Clients are required to report to their rooms for head count.

The housing units are located on the third and second (main) floors. The doors to all the dorm areas are solid and all staff knock and announce themselves before entering the rooms. The second floor has the resident lounge/dining area. The basement contains staff offices, resident laundry room, and group rooms. Staff offices have solid doors. Staff that have clients in their office must have the door open.

The agency is in the midst of an expansion project. The administrative building will soon also house the clients. The clients are currently housed in a separate facility. The new facility will be able to house seventy-five offenders. The PREA Coordinator is working with administrators to ensure the new facility is designed to prevent, detect, and respond to incidents of sexual harassment and sexual abuse.

The Resident Monitor staff are required to conduct one headcount and one perimeter check at least one time per hour during each shift. Headcounts include walking through the entire inside and outside of the building in order to physically observe and count clients as well as observe all other areas of the facility. Perimeter checks include taking notes of any findings while observing the clients.

The facility aims to improve the community integration process for residents by addressing chemical dependency, employment, education, and other issues prior to release; and reducing recidivism by addressing certain behaviors, attitudes, and thought processes. CTCC accomplishes these goals by using programming that has demonstrated the ability to reduce crime

Summary of Audit Findings

The summary should include the number of standards exceeded, number of standards met, and number of standards not met, **along with a list of each of the standards in each category**. If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance.

Auditor Note: No standard should be found to be “Not Applicable” or “NA”. A compliance determination must be made for each standard.

Standard 115.211: Zero tolerance of sexual abuse and sexual harassment; PREA coordinator

All Yes/No Questions Must Be Answered by The Auditor to Complete the Report

115.211 (a)

- Does the agency have a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment? Yes No
- Does the written policy outline the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment? Yes No

115.211 (b)

- Has the agency employed or designated an agency-wide PREA Coordinator? Yes No
- Is the PREA Coordinator position in the upper-level of the agency hierarchy? Yes No
- Does the PREA Coordinator have sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The facility has a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment. The policy includes how the facility will implement its approach to preventing, detecting, and responding to sexual abuse and sexual harassment; definitions of prohibited behavior; sanctions for those found to have participated in sexual abuse or sexual harassment; and appropriate strategies to reduce and prevent sexual abuse and sexual harassment of clients.

The facility's PREA Coordinator is the Continuous Quality Improvement Coordinator, and reports directly to the agency's Executive Director. During staff interviews, the PREA coordinator indicated that she has enough time and authority to develop, implement, and oversee the facility's efforts to comply with the PREA standards.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The facility has a staffing plan that provides for adequate levels of staffing, and where appropriate video monitoring to protect residents against sexual misconduct. The staffing plan takes into consideration the physical layout of the facility, types of residents housed at the facility, and the number of substantiated and unsubstantiated incidents. The facility management has considered all blind spot areas and developed an appropriate response to maintain the safety and security of the facility.

The staffing plan was developed with the facility's PREA coordinator along with other facility leadership. The team conducts an annual meeting and documents ways the facility can improve its methods of preventing and detecting any incidents of sexual abuse/sexual harassment. Staffing levels are continuously monitored and the facility has the ability to use staff from the other wing if necessary to ensure appropriate coverage.

There have been no deviations to the staffing plan during this audit cycle. The facility has created a form to document the

dates of any deviations, listed what the deviation was, and a justification for the deviation.

The auditor has reviewed the agency's written policy concerning what information is to be contained in the staffing plan and the number of staff members required to operate each shift. A review of floor plans, camera placement, and identified blind spot areas was also conducted by the auditor. During interviews with facility staff, the auditor was informed how staff placement, security mirrors, required head counts and circulations, and video monitoring are used to ensure maximum safety and security. There is a policy requirement to have the staffing plan reviewed annually and updated if necessary.

- Does the facility/agency train security staff in how to conduct searches of transgender and intersex residents in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The facility does not conduct cross-gender pat downs, cross-gender strip, or cross-gender body cavity searches of residents. All pat downs are recorded on the facility's video monitoring system. All searches are conducted by members of the same sex. The facility does not house female offenders.

The facility allows for clients to shower, perform bodily functions, and dress in areas not viewable to staff. The resident housing units are located on the main and second level of the facility. Residents can use the bathrooms on either floor. The second floor has a single use bathroom with a solid entry door. There is also a shower room located on the second floor stairway before entering the second floor living area. The shower room consist of a single use shower with a solid entry door. The main floor has a toilet room with a solid entry door and a bathroom with one toilet stall with no door, a double use shower with no divider between the two but a shower curtain at the entryway. All client room doors are solid and staff knock and announce themselves before entering.

The facility does not currently have a transgender or intersex resident. The agency has implemented a policy addressing the proper housing, search, and showering of any transgender or intersex resident. Agency administration would assign the resident to the most appropriate floor of the facility and develop a plan for specific bed placement and showering accommodations. Residents who are identified as highly vulnerable or highly abusive would be housed and in beds that provide the most safety. A transgender or intersex resident would be offered showering options such as showering at different times in order to protect privacy and offer safety. The policy does not allow staff to physically examine a transgender or intersex resident for the sole purpose of determining genital status. Depending on the stage of transition a resident may be in, the facility may not be structured in a way that provides for the resident's safety, security, and manageability. If this is the case, the resident would be referred to a facility that could house appropriately.

Facility staff have received proper training for patting down a transgender or intersex resident. This training is completed during new staff orientation. The facility will be hosting a pat searching training facilitated by the Moss Group, Inc. in late March. This training will equip security staff on the proper pat search techniques while not exhibiting behavior that could be considered sexual harassment.

- Do these steps include providing interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary? Yes No

115.216 (c)

- Does the agency always refrain from relying on resident interpreters, resident readers, or other types of resident assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties under §115.264, or the investigation of the resident's allegations? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The facility has been able to collaborate with other agencies to provide disabled resident equal opportunity to participate in all aspects of the facility's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. The facility identifies residents who may be limited English proficient and works with interpreters so that residents can benefit from all aspects of the facility's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. Per policy, the facility will only rely on resident interpreters if a delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-responder duties, or the investigation of the resident's allegations.

As a part of the agency's PREA training program, all staff are trained on how to ensure that PREA is communicated with residents having a cognitive or physical disability and who to call to help clients who may have a language barrier. The facility will use a qualified employee to aid any resident in understanding agency rules, PREA, and other regulations. If a qualified staff member is unavailable, outside assistance by a qualified person will be used at no cost to the resident. At this time, the facility does not have a resident who is in need of these services.

Interviews with staff and a review of agency policy confirmed the process of how the facility would assist any resident with a disability or is limited English proficient.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Community Treatment and Correctional Center, Inc. has a policy that prohibits any of the facilities it operates to hire or promote staff (including contractors and volunteers) that have been convicted of sexual abuse in a prison, jail, lockup, or community confinement facility, nor will they hire or promote anyone who has been civilly or administratively adjudicated to have engaged in sexual abuse in the community. The facility conducts an Ohio Bureau of Criminal Investigation background check on all employees and volunteers. All employees will have a background check completed every five years. The HR department conducts annual file reviews and will alert the Program Director of each facility when an employee's background check is due. A random review of 10 employee files shows that all employee background checks are up to date. The agency documents all contact with previous employers.

The applicant interview requires potential employees to reveal if they have been convicted of sexual abuse in a prison, jail, lockup, or community confinement facility or convicted of engaging or attempting to engage in sexual activity in the community by force (over or implied) or coercion, or if the victim did not consent or was unable to consent; and if they have been civilly or administratively adjudicated to have engaged in the above activity.

The agency also has a PREA acknowledgement form that all staff sign. The form reviews the agency's zero tolerance policy and all expectations under the PREA guidelines including the continuing affirmative duty to report any allegation against the employee. New employees are also trained on ethical and professional conduct and scope of practice, prevention of personal or familial relationships with clients, and professional boundaries.

Employees who would like to move up within the agency will have to submit a letter of interest to the HR Department. The HR Department will assess the eligibility of the employee by reviewing performance appraisals and disciplinary record. Employees who have a disciplinary report that includes a substantiated allegation of sexual harassment will not be considered for the position.

The auditor reviewed 10 random employee files. The review included on boarding documentation, employment application, reference checks/verification, interview forms, disciplinary records, training records, background checks, employee handbook, code of conduct/ethics acknowledgement, and promotions.

The auditor interviewed the Administrative Services Director concerning their method for ensuring all employees receive their initial and five-year background checks, the process for promotions, reference checks, reporting substantiated allegations to other facilities upon request, and the onboarding process.

The facility is currently in the midst of an expansion project. This project will be an addition to the current administrative building. Currently, the resident reside in a building separate from the administration building. After the expansion is complete, the resident will move into the new space connected to the administrative offices. The new facility will be capable of housing more residents. The project is still in the construction phase and is not projected to be completed until after the fiscal year. Residents are projected to move into the new facility in September.

The PREA Coordinator is working with administrators to ensure that the new facility design will enhance the facility's ability to prevent, detect, and respond to incidents of sexual abuse and sexual harassment.

Facility management reviews the staffing plan annually in order to assess the effectiveness of the facility's security program and if improvements in the electronic monitoring could help in the prevention, detection, and responding to sexual abuse and sexual harassment. The facility has not increase the number of cameras in the current building but will be access best placement for cameras, security mirrors, and windows in order to ensure the safety of the residents.

RESPONSIVE PLANNING

Standard 115.221: Evidence protocol and forensic medical examinations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.221 (a)

- If the agency is responsible for investigating allegations of sexual abuse, does the agency follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.)
 Yes No NA

115.221 (b)

- Is this protocol developmentally appropriate for youth where applicable? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) Yes No NA
- Is this protocol, as appropriate, adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) Yes No NA

115.221 (c)

- Does the agency offer all residents who experience sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate? Yes No
- Are such examinations performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible? Yes No
- If SAFEs or SANEs cannot be made available, is the examination performed by other qualified medical practitioners (they must have been specifically trained to conduct sexual assault forensic exams)? Yes No
- Has the agency documented its efforts to provide SAFEs or SANEs? Yes No

115.221 (d)

- Does the agency attempt to make available to the victim a victim advocate from a rape crisis center? Yes No
- If a rape crisis center is not available to provide victim advocate services, does the agency make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member? Yes No
- Has the agency documented its efforts to secure services from rape crisis centers? Yes No

115.221 (e)

- As requested by the victim, does the victim advocate, qualified agency staff member, or qualified community-based organization staff member accompany and support the victim through the forensic medical examination process and investigatory interviews? Yes No
- As requested by the victim, does this person provide emotional support, crisis intervention, information, and referrals? Yes No

115.221 (f)

- If the agency itself is not responsible for investigating allegations of sexual abuse, has the agency requested that the investigating entity follow the requirements of paragraphs (a) through (e) of this section? (N/A if the agency/facility is responsible for conducting criminal AND administrative sexual abuse investigations.) Yes No NA

115.221 (g)

- Auditor is not required to audit this provision.

115.221 (h)

- If the agency uses a qualified agency staff member or a qualified community-based staff member for the purposes of this section, has the individual been screened for appropriateness to serve in this role and received education concerning sexual assault and forensic examination issues in general? (Check N/A if agency attempts to make a victim advocate from a rape crisis center available to victims per 115.221(d) above.) Yes No NA

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The facility has trained investigators to conduct administrative sexual abuse investigations. If at any time during the investigation the incident appears to be criminal in nature, the PREA investigator will refer the case to the legal authority for a criminal investigation. The facility has an MOU with the Canton City Police Department to conduct criminal investigations. The department has agreed to use “A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents” as the uniform evidence protocol in which to investigate any criminal allegations.

The facility will use Mercy Medical Hospital to provide a Sexual Assault Nurse Examiner for any resident who is a victim of sexual abuse. The auditor reviewed the hospital’s website and confirmed with the hospital’s patient and visitor services coordinator that a certified SANE nurse would treat any resident taken to this hospital. The services provided by the hospital would be at no cost to the resident. The hospital could also provide emotional supportive services through the HAVEN Program.

The facility has a MOU with the Red Cross Rape Crisis Center to provide a victim advocate to any victim of sexual abuse, and a trained staff member who can provide victim support services. The auditor spoke to Michelle Cowley from the Red Cross who confirmed the services the agency would provide to clients of CTCC and that all services were free of charge.

The facility also has an emotional support person that can provide emotional supportive services or make a recommendation for outside services if necessary. These services will be provided to the resident at no cost.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The agency has a policy that requires an administrative investigation of all allegations of sexual abuse and sexual harassment, and that any allegation that is criminal in nature is referred to the Canton City Police Department. The facility has had three allegations (two allegations are against the same abuser) of sexual abuse or sexual harassment during this audit cycle. The auditor interviewed two of the administrative investigators and reviewed their process for investigating allegations and what would prompt a referral to the legal criminal investigative authority.

Investigation #1: This was a verbal report of client-to-client sexual harassment. The allegation was administratively investigated and determined to be substantiated. The resident abuser was removed from the facility.

Investigation #2: This was a third party report of client-to-client sexual harassment. This allegation was reported to the facility by a criminal justice agency after an ex-client reported the abuse during intake. The alleged abuser had already had a substantiated allegation from a different victim and was removed from the facility. The administrative investigation determined the allegation to be substantiated.

Investigation #3: This allegation was reported three times. The alleged victim gave a verbal report to staff along with calling the hotline number. There was also an outside third party report of this allegation. The allegation was administratively investigated and determined to be unfounded. The client admitted that he lied about the allegation in order to get a staff member in trouble.

None of the allegations revealed any criminal activity so no referral for a criminal investigation was necessary.

The facility uses Ohio Department of Rehabilitation and Corrections website to post all required PREA information included investigation policies. The review of the investigation reports showed that all investigations were handled appropriately and the determinations were correct. The facility has a total of four trained investigators.

The agency has trained all (1-10 of section 115.231) staff on the PREA required topics. The facility ensures all staff know the proper way to prevent, detect, report, and respond to any allegations of sexual abuse or sexual harassment. Staff also receive refresher training every other year that includes a review of facility's policies and procedures, staff duties and responsibilities, and the first responder coordinated response plan. All staff receive gender specific training.

During staff interviews, all staff were able to discuss the various PREA related training they received either at orientation or during an annual training sessions. Staff was well versed on the PREA policies and protocols.

All staff sign an acknowledgment of the training they received.

All residents receive information at intake on the facility's zero tolerance policy. This information is reviewed with the client to ensure that each client knows how to report incidents or suspicions of sexual abuse or sexual harassment; their right to be free from sexual abuse, sexual harassment, and retaliation; and how to keep themselves safe while in the facility. If a resident is limited in English proficiency or another disability that prevents, normal communication, the facility will work with outside agencies to ensure each client can benefit from the agency's efforts to prevent, detect, report, and respond to allegations of sexual abuse and sexual harassment (see standard 115.216).

At intake clients will receive brochures and other documentation that provides phone numbers and addresses to reporting and supportive agencies. This information is also documented throughout the facilities on posters located in conspicuous places. A more formal client education concerning their rights and responsibilities under the PREA standards is given at a later time.

The facility provided the auditor with the documentation that is given to clients, and noted the posters located throughout the facility.

In total, ten clients were interviewed by the auditor. The clients acknowledged receiving PREA education training and informational brochures from the facility. All clients reported feeling safe in the facility and comfortable enough with staff to report an allegation if necessary. Clients were aware of the PREA postings and the toll free phone numbers available if they needed to contact a hotline or other supportive services. The facility does not provide onsite medical or mental health services. All residents requesting these services would be referred to community resources. Medical services would be provided to residents by Mercy Medical Center. The facility has an MOU with this hospital to provide forensic examination services should a resident be sexually abused or assaulted while at the facility. Mental Health or Victim Advocate services would be provided by the American Red Cross Rape Crisis.

Mercy Medical Center and Red Cross Rape Crisis have comprehensive education and training on dealing with victims of sexual abuse or sexual assault.

All clients are screened within 72 hours from intake to assess their risk of vulnerability or abusiveness. The screening tool used includes all required criteria per the standard to accurately assess the client's risk. The screening is completed by the intake coordinator a rescreen is completed by the case manager before the client reaches 30 days in the facility. The intake coordinator and case managers have been trained on how to complete the assessment appropriately. Per policy, a client cannot be disciplined for refusing to answers assessment questions.

Interviews with clients confirmed that they received an assessment at intake and a rescreening at a later date.

Interviews with staff confirmed they understood how to use the screening tool and kept all information confidential. The agency provides case managers with specific PREA training related to their responsibilities as a case manager which includes how to accurately complete an initial assessment and rescreen.

All clients who receive a classification as vulnerable based on their PREA screening assessment will be housed in a bed/room that provides the maximum safety. Staff would be aware of their status and ensure the safety and security of the client without knowing details of the assessment.

Besides housing, the information obtained in the assessment may be included in the client's individual case plan. The client and the case manager would create goals to work on while in treatment or the case manager may make community referrals for treatment.

The facility has developed an appropriate plan to house transgender/intersex clients safely depending upon the stage of the transition. Should the client be at a stage that would limit the ability of the facility to provide for the safety, security, and manageability of the client; the client would be referred to another facility that would be more capable of housing the client appropriately. The case manager would discuss with a transgender/intersex client all available safety options and allow their views of their own safety to aid in determining housing and treatment options. Clients would be able to receive the same treatment benefits while being house in a manner that allows for safe housing, work, and program assignments.

During the interview, the Director was able to clearly discuss the facility's plan to keep potential victims away from potential abusers during work, education, or program assignments. At this time, the facility does not have a client that has identified as transgender or intersex.

The clients at CTCC have multiple ways of reporting sexual abuse or sexual harassment. Posters throughout the facility indicate how clients can report to staff as well as how to report to an outside agency. Interviews with the clients indicate that they are aware of all means of reporting and that they could report anonymously. They received the information at intake, during orientation training, and in case manager meetings.

The facility allows for free calls to the reporting entities. Residents are allowed to have cell phones in the facility, which they can use to make a report.

All residents received information at intake and in their handbooks regarding PREA reporting. Staff received information on how to privately report during staff training.

Investigation reports

Standard 115.252: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.252 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address resident grievances regarding sexual abuse. This does not mean the agency is exempt simply because a resident does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No NA

115.252 (b)

- Does the agency permit residents to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) Yes No NA

- Does the agency always refrain from requiring a resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA

115.252 (c)

- Does the agency ensure that: A resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

115.252 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by residents in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) Yes No NA
- If the agency determines that the 90-day timeframe is insufficient to make an appropriate decision and claims an extension of time [the maximum allowable extension of time to respond is 70 days per 115.252(d)(3)] , does the agency notify the resident in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) Yes No NA
- At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, may a resident consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.252 (e)

- Are third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Are those third parties also permitted to file such requests on behalf of residents? (If a third-party files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA
- If the resident declines to have the request processed on his or her behalf, does the agency document the resident's decision? (N/A if agency is exempt from this standard.) Yes No NA

115.252 (f)

- Has the agency established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)
 Yes No NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)
 Yes No NA
- Does the initial response and final agency decision document the agency's determination whether the resident is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA

115.252 (g)

- If the agency disciplines a resident for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the resident filed the grievance in bad faith? (N/A if agency is exempt from this standard.) Yes No NA

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

N/A: The PREA Coordinator states that the agency does not use its grievance system to investigate PREA allegations. Any resident who uses a grievance form to report an allegation will have the form removed from the grievance process and it will be handled like any other reporting method. The organization's grievance policy does not include administrative remedies for sexual abuse or sexual harassment allegations. The organization has a separate policy and practice for addressing sexual abuse and sexual harassment allegations.

Standard 115.253: Resident access to outside confidential support services

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.253 (a)

- Does the facility provide residents with access to outside victim advocates for emotional support services related to sexual abuse by giving residents mailing addresses and telephone numbers, including toll-free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations? Yes No
- Does the facility enable reasonable communication between residents and these organizations and agencies, in as confidential a manner as possible? Yes No

115.253 (b)

- Does the facility inform residents, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws? Yes No

115.253 (c)

- Does the agency maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide residents with confidential emotional support services related to sexual abuse? Yes No
- Does the agency maintain copies of agreements or documentation showing attempts to enter into such agreements? Yes No

The facility has a MOU with Red Cross Rape Crisis Center to provide emotional support and advocate services to any resident who is a victim of sexual abuse. The facility provides the phone number and address of this agency to residents as well as train them during orientation of the limitations to confidentiality and mandatory reporting.

Interviewed residents verified that they received this information and that the information is available on posters located throughout the facility.

The auditor took note of the information on posters located throughout the facility and ensured that the posting contained all the accurate information. A review of the MOU was also completed.

The agency has a policy that requires all staff to immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse, sexual harassment, or retaliation, including third party and anonymous reports. The staff have been give instruction on how to document the report and limit access to that information, and to only share that information with

staff in order to make treatment, investigation, or other security decisions. All allegations of sexual abuse or harassment are referred to the PREA Coordinator for investigation.

Staff interviewed, including line staff and facility leadership, understood their duty to report and were trained appropriately on the agency's PREA reporting policies. Staff indicated that they would have no trouble reporting any allegation or suspicion of sexual abuse, sexual harassment, or retaliation even if it was against another staff member.

All staff members who have licensure are required to inform residents of their status and the limits of confidentiality. These staff members maintain their duty report any allegation made to them.

The facility does not accept any resident that is under the age of 18 and does not have a duty to report to child protective services. The State of Ohio does not require institutions or facilities licensed by the state of facilities in which a person resides as a result of voluntary, civil, or criminal commitment to report to adult protective services (Chapter 5101:2-20 and 5101:2-20-01).

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The agency has a policy requiring all staff be trained on first responder duties. The duties vary from non-security staff to security staff. All staff are supplied the required first responder training. The facility has a detailed sexual abuse, assault, harassment response procedure for any incident of sexual abuse. The response procedure includes where to place an alleged abuser when separating from the victim so that the abuse cannot destroy any evidence, preserving evidence until the local legal authority can collect the evidence, requesting that the alleged victim not do anything to destroy evidence including washing, brushing teeth changing clothes, performing bodily functions, smoking, drinking, or eating, reporting allegation to the local authorities and to the facility Director and the PREA Coordinator.

Non-security staff are required per policy to contact a security staff member and make a request that the alleged victim not take any action that could destroy evidence.

During staff interviews, both security and non-security staff have acknowledged their training of the first responder duties. The staff was able to specifically identify the steps they are to take as a security or non-security staff.

There was no need for a first responder during this audit cycle.

CTCC has an appropriate written coordinated response plan to respond to any incident of sexual abuse. The plan includes the steps to take for first responders, medical and mental health practitioners, investigators, and facility leadership. All staff is trained on the plan and this was confirmed through interviews with security and program staff.

During staff interviews, staff knew and could articulate the coordinated response plan. All staff knew the entire plan and did not differentiate between security and non-security tasks. Staff was able to disclose the location of the plan and discussed how they practice using the plan in various scenarios during training.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

All allegations of sexual abuse or sexual harassment including third party and anonymous reports are administratively investigated by trained investigators and any report that appears criminal in nature are referred to the Canton City Police Department who has the legal authority to conduct a criminal investigation.

The agency has a policy that requires an administrative investigation of all allegations of sexual abuse and sexual harassment, and that any allegation that is criminal in nature is referred to the Canton City Police Department. The facility has had three allegations of sexual abuse or sexual harassment during this audit cycle. The auditor interviewed administrative investigators and reviewed their process for investigating allegations and what would prompt a referral to the legal criminal investigative authority.

Investigation #1: This was a verbal report of client-to-client sexual harassment. The allegation was administratively investigated and determined to be substantiated. The resident abuser was removed from the facility.

Investigation #2: This was a third party report of client-to-client sexual harassment. This allegation was reported to the facility by a criminal justice agency after an ex-client reported the abuse during intake. The alleged abuser had already had a substantiated allegation from a different victim and was removed from the facility. The administrative investigation determined the allegation to be substantiated.

Investigation #3: This allegation was reported three times. The alleged victim gave a verbal report to staff along with calling the hotline number. There was also an outside third party report of this allegation. The allegation was administratively investigated and determined to be unfounded. The client admitted that he lied about the allegation in order to get a staff member in trouble.

The facility investigators were interviewed and walked through their process of investigating any PREA related complaint and how this information is used determine whether an allegation is substantiated, unsubstantiated, or unfounded. The investigators collect all relevant information (interviews with staff, victim, witness, and the abuser; review any surveillance information, and make note of any facility issue that could have aided in the allegation) and pass this information along with a recommendation to the Deputy Director.

The investigators written report includes whether staff actions or failures to act contribute to the abuse and a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings. The investigators would work with the local police department and remain informed about the progress of any referred allegation.

The PREA Coordinator maintain all records from all allegations for as long as the abuser is incarcerated or employed by the agency, plus five years.

CTCC outlines its progressive disciplinary plan in its employee handbook. A review of the handbook states that any staff member found to have engaged in sexual abuse will be terminated. Termination or resignations by staff will not void an investigation and any criminal activity will be reported to the legal authority and to any relevant licensing agency. Policy also indicates that the agency will notify law enforcement or any relevant licensing boards of any terminations or resignations based upon violations of the agency's client sexual abuse and sexual harassment prevention policy when such behavior is criminal in nature.

All staff interviewed understood that anyone engaging in sexual harassment will be disciplined according to agency policy and that they would be terminated for participating in sexual abuse. Staff indicated that they are required to report any suspicion to their immediate supervisor and that they would not have any issue reporting a coworker for violation of the zero tolerance policy.

The auditor reviewed agency policy, the employee handbook, and interviewed the Director, Administrative Services Director, and PREA Coordinator to confirm the disciplinary process for employees found to have substantially engaged in sexual harassment or sexual abuse against residents. All agency leadership stated that any employee found to have engaged in sexual abuse will be immediately terminated from the facility and law enforcement would be notified.

The facility has an appropriate policy that disciplines clients for a substantiated allegation of sexual abuse or sexual harassment or for a criminal finding of guilt for sexual abuse or harassment. The facility has had two allegations against the same abuser. The abuser was removed from the facility after the first allegation. The second allegation came through a third party report after the abuser was already removed. The facility did not have an allegation where they had a guilty finding in a criminal investigation of client on client sexual abuse or sexual harassment during this audit cycle.

The client handbook clearly defines the agency's rule violations and the possible sanctions. Each client is given a handbook at intake and staff reviews the handbook, specifically the disciplinary policies, with each client.

During client interviews, all clients stated that they received a handbook at intake and that staff reviewed the disciplinary policies with them. Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

This facility offers community medical and counseling services for residents who have been sexually abused in jail, lockup, or juvenile facility. This treatment includes testing for sexually transmitted disease. Treatment is offered to all known residents on resident abusers within in 60 days of learning such history. All treatment offered is free of charge.

Staff have been notified of Coordinated Response Plan. The plan outlines how staff is to offer unimpeded access to both emergency and ongoing medical and mental health care. Ongoing medical or mental health care will be at the discretion of the medical provider and is again at no cost to the resident.

The facility has not had a report of any known resident on resident abuser.

A review of the investigation form shows how staff indicates whether services were offered and accepted or declined. The PREA initial screening form indicates whether a resident has abused others while in a correctional setting. If a resident indicates that he has in fact abused another resident while in a corrections setting, the facility's Program Manager will meet with the resident to make a determination if additional treatment or referrals for community treatment is necessary.

The facility had not a report of a resident being sexually abused while in a jail, lockup, or juvenile facility.

The PREA Coordinator has confirmed the process and practice of how staff will provide unimpeded access to necessary emergency and/or ongoing medical and mental health services.

DATA COLLECTION AND REVIEW

Standard 115.286: Sexual abuse incident reviews

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.286 (a)

- Does the facility conduct a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded? Yes No

115.286 (b)

- Does such review ordinarily occur within 30 days of the conclusion of the investigation? Yes No

115.286 (c)

- Does the review team include upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners? Yes No

115.286 (d)

- Does the review team: Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse? Yes No
- Does the review team: Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; gang affiliation; or other group dynamics at the facility? Yes No
- Does the review team: Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse? Yes No
- Does the review team: Assess the adequacy of staffing levels in that area during different shifts? Yes No
- Does the review team: Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff? Yes No
- Does the review team: Prepare a report of its findings, including but not necessarily limited to determinations made pursuant to §§ 115.286(d)(1) - (d)(5), and any recommendations for improvement and submit such report to the facility head and PREA compliance manager? Yes No

115.286 (e)

- Does the facility implement the recommendations for improvement, or document its reasons for not doing so? Yes No

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

CTCC has an agency policy on a review of all substantiated or unsubstantiated allegations of sexual abuse within 30 days of the conclusion of the investigation. The review team includes the Director, PREA Coordinator, Program Director, Facility Manager and any other employee deemed appropriate.

The team, per policy, considers whether a change in policy or practice will better prevent, detect, or respond to sexual abuse; if the incident or allegation was motivated by race, ethnicity, gender identity, gang affiliation, or any other group dynamic; if any physical barriers in the area enabled the abuse; adequacy of staffing levels; and whether monitoring technology should be deployed or augmented to supplement supervision by staff.

At the conclusion of an investigation, the team would provide the Director with any relevant recommendations that would increase the ability to protect, detect, or report allegations of sexual harassment or sexual abuse. The Director would deem which recommendations are appropriate to implement and provide documentation to the recommendations that were not implemented.

There were no allegations of sexual abuse during this audit cycle.

CTCC has a facility policy for data collection and statistical reporting of all necessary information in the most recent version of the Survey of Sexual Violence. The auditor reviewed the most recent information collected by the agency and has confirmed that the agency collects the appropriate data on all allegations of sexual abuse and aggregates this information annually.

The facility's PREA Coordinator collects the data. The information for the facility is used to complete the Survey of Sexual Victimization.

The agency has not received a request to supply the Department of Justice with this information.

This is the facility's second PREA audit. The auditor was able to review all areas of the facility, requested documentation to ensure compliance, and a private area to interview residents and staff. The facility posted the auditor's email and mailing

address to staff and resident with instructions on how to contact the auditor privately before the onsite visit. The date of the visit was also on the posting. The auditor did not have a resident or staff member who requested to speak with the auditor during the onsite visit.

The auditor was able to review documentation from the last year and when requested, information from the prior three years in order to ensure the facility has maintained compliance for the entire three years.

The final reports from the facility's last audit is posted on the Ohio Department of Rehabilitation and Correction's website
